

McRock Climate Action Awards 2023

As part of its upcoming McRock Digital Industrial Symposium 2023, McRock is pleased to announce the McRock Climate Action Awards 2023.

The 2023 awards:

1. **Climate Action Corporate Leader of the Year:** awarded to a corporation that has exhibited effective approaches, substantial investments and outcomes in promoting environmental friendliness and advancing sustainable development.
2. **Climate Action Tech Company of the Year:** awarded to privately-owned emerging company that has shown tangible achievements in delivering digital solutions that drive climate impacts.

The attached nomination form outlines the eligibility and evaluation criteria. We are seeking nominees around the globe and would greatly appreciate your help in nominating organizations in the Digital Industrial industry.

Please submit all submissions by email to ha@mcrockcapital.com by midnight on Friday, April 28, 2023.

Award recipients will be honoured at the Gala Awards at the McRock Digital Industrial Symposium 2023 to be held at the Montreal Science Centre in Montreal, Quebec, Canada on Wednesday, June 7, 2023. To learn more about the details, please visit <https://www.mcrockcapital.com/iioT-symposium> or look for regular announcements on Twitter @IloTSymposium and @McRockCapital.

How to Enter:

Please complete and submit the form found within this document.

Who Can Nominate:

Individuals, organizations, and investors can submit nominations. Self-nominations are permitted.

Prizes:

The Recipients of the McRock Climate Action Awards 2023 will receive:

- Two complementary VIP passes to the McRock Digital Industrial Symposium 2023 with the opportunity to deliver an acceptance speech to an audience of corporate executives, entrepreneurs and investors;
- Coverage in McRock Responsible Investment Report 2023; and
- A trophy recognizing the recipient of the McRock Climate Action Award 2023.

Selection Process

Once received, all applications will be screened by an Independent Selection Committee for eligibility purposes. The applications will then be evaluated according to a standard grid based on the predetermined evaluation criteria. Once all applications have been evaluated, the Independent Selection Committee will determine the winner for each award. The winners will be notified on or before **May 12, 2023**.

Climate Action Corporate Leader of the Year Award Details

Eligibility:

To be eligible for the **Climate Action Corporate Leader of the Year**, the nominated company must:

- Employ a minimum of 1000 people;
- Either have a primary focus on operating in industrial markets or offer digital solutions specifically tailored for such markets; or
- Have a history of partnering and/or collaborating with Digital Industrial tech companies.

Evaluation Criteria:

The Independent Selection Committee will choose the **Climate Action Corporate Leader of the Year** based on the following:

- Level of Senior leadership support for Climate Action initiatives.
- Introduced innovative approaches, tools and techniques that have advanced climate action across the organisation; and
- Accelerated progress against the company's climate targets.

Submission:

Please complete the nomination form found on the next page, save the file as a new PDF, then email the PDF to ha@mcrockcapital.com

Nominations close on **Friday, April 28, 2023, at 11:59:59 p.m. Eastern Daylight Time.**

Failure to provide all of the required information will result in your nomination being ineligible for consideration.

By submitting a nomination, you confirm that all the information included in the nomination is accurate. All information provided is confidential and will be used only in the evaluation of the nomination for the purposes of the McRock Climate Action Awards.

Please provide a brief response to each of the following questions:

1. Tell us about the senior leadership team's commitment to Climate Action initiatives. Briefly articulate the strategy, who sets it, and how it is executed.

2. Tell us about the company's innovative approaches, tools and techniques that have advanced climate action across the organisation. For example, adoption of digital technologies on carbon emission reduction.

3. Describe the company progress over the last three years against the company's climate targets.
